

A scenic view of a lush green valley. In the foreground, a wooden fence with two horizontal rails and a wire mesh runs across the frame. The middle ground is filled with tall green grass and various shrubs. In the background, a dense forest of tall evergreen trees covers a hillside under a clear sky.

**In-Kind: ~\$18,500.00**

**Project Total = ~\$29,500.00**

A photograph of a muddy, overgrown path in a forest. The path is the central focus, leading from the foreground into the background. It is flanked by dense vegetation, including tall grasses and shrubs. In the background, there are several trees, some with bare branches and others with green needles. The overall scene is somewhat overcast and appears to be a natural, unmanaged area.
